Quality products

Energy efficient 200w LED Floodlight perfect for saving

This is an extremely popular floodlight of ours due to its cost and energy efficiency.

Save yourself money

This 200w LED floodlight emits 10 times the power of an equivalent halogen light while being vastly more energy efficient. This means it'll save you money year after year. Not only that but it'll greatly outlast other floodlights - able to provide countless hours of the very highest performance technology.

The highest quality lighting solution

This floodlight is the future due to its efficiency, long lifespan and consistent white glow. It'll even remain cool during use with no UV or IR heat radiation. It even will turn on instantly at 100% performance, contrary to the warm-up times of older technology floodlights.

Ideal for

Factories
Warehouses
Forecourts
Car parks
Loading bays

Additional Information

💡 Catalog number	AD-573400	💡 Power	200W
⚡ Input Voltage	AC95-265V	💡 FLUX	16,000-18,000lm
💡 FLUX per watt	80-90lm	📐 Beam angle	120°
📊 Operating Frequency	50-60Hz	🌈 Light Color	WH
🌡 Temperature	-30°C / +50°C	🔧 Material	Aluminium
👤 Color of the shell	BLACK	💡 Ra	>80
💧 IP	65	📏 Size	425x320x118mm
🕒 Life span	25 000 Hours	📖 Weight	3.85 kg
